

### Annexure III

#### Illustration 1:

A promoter has procured following goods and services [other than capital goods and services by way of grant of development rights, long term lease of land or FSI] for construction of a residential real estate project during a financial year.

Sl. No.	Name of input goods and services	Percentage of input goods and services received during the financial year	Whether inputs received from registered supplier? (Y/ N)
1	Sand	10	Y
2	<b>Cement</b>	<b>15</b>	<b>N</b>
3	Steel	20	Y
4	Bricks	15	Y
5	Flooring tiles	10	Y
6	Paints	5	Y
7	Architect/ designing/ CAD drawing etc.	10	Y
8	Aluminium windows, Ply, commercial wood	15	Y

In this example, the promoter has procured 80 per cent. of goods and services [other than services by way of grant of development rights, long term lease of land (against upfront payment in the form of premium, salami, development charges etc.) or FSI (including additional FSI), electricity, high speed diesel, motor spirit, natural gas], from a GST registered person. However, he has procured cement from an unregistered supplier. Hence at the end of financial year, the promoter has to pay GST on cement at the applicable rates on reverse charge basis.

6	<b>Paints</b>	<b>5</b>	<b>N</b>

7	Architect/ designing/ CAD drawing etc.	10	Y
8	<b>Aluminium windows, Ply, commercial wood</b>	<b>15</b>	<b>N</b>

In this example, the promoter has procured 80 per cent. of goods and services including cement from a GST registered person. However, he has procured paints, aluminum windows, ply and commercial wood etc. from an unregistered supplier. Hence at the end of financial year, the promoter is not required to pay GST on inputs on reverse charge basis.

### **Illustration 3:**

A promoter has procured following goods and services [other than services by way of grant of development rights, long term lease of land (against upfront payment in the form of premium, salami, development charges etc.) or FSI (including additional FSI), electricity, high speed diesel, motor spirit, natural gas], for construction of a residential real estate project during a financial year.

Sl. No.	Name of input goods and services	Percentage of input goods and services received during the financial year	Whether inputs procured from registered supplier? (Y/ N)
1	<b>Sand</b>	<b>10</b>	<b>N</b>
2	<b>Cement</b>	<b>15</b>	<b>N</b>
3	Steel	15	Y
4	Bricks	10	Y
5	Flooring tiles	10	Y
6	Paints	5	Y
7	Architect/ designing/ CAD drawing etc.	10	Y
8	<b>Aluminium windows</b>	<b>15</b>	<b>N</b>
9	<b>Ply, commercial wood</b>	<b>10</b>	<b>N</b>

In this example, the promoter has procured 50 per cent. of goods and services from a GST registered person. However, he has procured sand, cement and aluminum windows, ply and commercial wood etc. from an unregistered supplier. Thus, value of goods and services procured from registered suppliers during a financial year falls short of threshold limit of 80 per cent. To fulfill his tax liability on the shortfall of 30 per cent. from mandatory purchase, the promoter has to pay GST on cement at the applicable rate on reverse charge basis. After payment of GST on cement, on the remaining shortfall of 15 per cent., the promoter shall pay tax @ 18 per cent. under RCM.
